SERVICES CONTRACT

CUSTOMER NAME: River Ridge CDD SUBMITTED TO: Cleo Adams #239-989-2939 <u>ckurth@solitudelake.com</u> CONTRACT EFFECTIVE DATE: April 1, 2022, through March 31, 2023 SUBMITTED BY: Jeff Moding SERVICES: Total Nitrogen sampling of lake H1B Monthly.

This agreement (the "Agreement") is made as of the date indicated above and is by and between SOLitude Lake Management, LLC ("SOLitude" or the "Company") and the customer identified above (the "Customer") on the terms and conditions set forth in this Agreement.

1. <u>The Services</u>. SOLitude will provide services at the Customer's property as described in Schedule A attached hereto:

2. PAYMENT TERMS. The Annual Contract Price is \$1200.00.00. SOLitude shall invoice Customer \$100.00 per month for the Services to be provided under this Agreement. The term of this agreement is for a period of twelve (12) months, with payment invoiced on the first day of each month, reminding them that a contract payment is due by the end of that same month. The customer is obligated to pay each monthly contract payment per the terms of this contract, without any obligation on the part of SOLitude to invoice or send any other sort of reminder or notice. Due to the seasonality of these services, and the disproportionate amount of time and materials dedicated to providing these services during some times of the year as compared to others, based on the season, weather patterns, and other natural factors, the amount billed and paid to date is not necessarily equivalent to the amount of work performed to date. The Customer will be liable for any returned check fees and any collection costs, including reasonable attorney fees and court costs, for any invoices not otherwise timely paid, and interest at the rate of 1% per month may be added to all unpaid invoices. Should the work performed be subject to any local, state, or federal jurisdiction, agency, or other organization of authority for sales or other taxes or fees in addition to those expressly covered by this contract, the customer will be invoiced and responsible for paying said additional taxes in addition to the contract price and other fees above. SOLitude shall be reimbursed by the customer for any non-routine expenses, administrative fees, compliance fees, or any other similar expense that are incurred as a result of requirements placed on SOLitude by the customer that are not covered specifically by the written specifications of this contract.

Competitively Sensitive & Proprietary Materials – The information contained herein is the intellectual property of SŌLitude Lake Management. Recipient may not disclose to any outside party any proprietary information, processes, or pricing contained in this document or any of its attachments without the prior written consent of SŌLitude Lake Management. This document is provided to the recipient in good faith and it shall be the responsibility of the recipient to keep the information contained herein confidential.

3. <u>TERM AND EXPIRATION</u>. This Agreement is for an annual management program as described in the Schedule A attached. Any additional services will be provided only upon additional terms as agreed to by the parties in writing. Contract will automatically renew annually at the end of the contract effective date for subsequent one (1) year terms, with a four percent (4%) escalation in the Annual Contract Price each year, under the same terms, specifications, and conditions as set forth by this contract, unless either party gives written notice of cancellation thirty (30) days prior to the termination date of this contract, or subsequent renewal contracts.

4. <u>TERMINATION.</u> If SOLitude terminates your service for nonpayment or other default before the end of the Services Contract, if the Customer terminates this Services Contract for any reason other than in accordance with the cancellation policy outlined above, or in the event this Contract does not automatically renew and the customer terminates it before the termination date, Customer agrees to pay SOLitude, in addition to all other amounts owed, an Early Termination Fee in the amount specified below ("Early Termination Fee"). The Customer's Early Termination Fee will be 50% of the remaining value of the Contracted Price. The Early Termination Fee is not a penalty, but rather a charge to compensate SOLitude for the Customer's failure to satisfy the Services Contract on which the Customer's rate plan is based.

5. <u>INSURANCE AND LIMITATION OF LIABILITY</u>. SOLitude will maintain general liability and property damage insurance as necessary given the scope and nature of the Services. The Company will be responsible for those damages, claims, causes of action, injuries or legal costs to the extent of its own direct negligence or misconduct, and then only to an amount not to exceed the annual value of this Agreement. In no event will any party to this Agreement be liable to the other for incidental, consequential or purely economic damages.

6. <u>FORCE MAJEURE</u>. The Company shall not be liable for any delay in performing the Services, nor liable for any failure to provide the Services, due to any cause beyond its reasonable control.

7. <u>ANTI-CORRUPTION AND BRIBERY.</u> Each party represents that neither it nor anyone acting on its behalf has offered, given, requested or accepted any undue financial or other advantage of any kind in entering into this Agreement, and that it will comply with all applicable laws and regulations pertaining to corruption, competition and bribery in carrying out the terms and conditions of this Agreement.

8. <u>GOVERNING LAW</u>. This Agreement shall be governed and construed in accordance with the laws of the state in which the Services are performed.

9. <u>ENTIRE AGREEMENT</u>. This Agreement constitutes the entire agreement between the parties with respect to the subject matter and replaces any prior agreements or understandings, whether in writing or otherwise. This Agreement may not be modified or amended except by written agreement executed by

both parties. In the event that any provision of this Agreement is determined to be void, invalid, or unenforceable, the validity and enforceability of the remaining provisions of this Agreement shall not be affected.

10. <u>NOTICE</u>. Any written notice provided under this Agreement may be sent via overnight mail, certified mail, hand delivery or electronic mail with delivery confirmation, to the individuals and addresses listed below.

11. <u>BINDING</u>. This Agreement shall inure to the benefit of and be binding upon the legal representatives and successors of the parties.

12. <u>FUEL/TRANSPORTATION SURCHARGE</u>. Like many other companies that are impacted by the price of gasoline, a rise in gasoline prices may necessitate a fuel surcharge. As such, the Company reserves the right to add a fuel surcharge to Customer's invoice for any increase in the cost of fuel as measured above the same time period in the prior year (by the National U.S. Average Motor Gasoline-Regular Fuel Price per Gallon Index reported by the U.S. Department of Energy). The surcharge may be adjusted monthly (up or down) with the price of gasoline.

13. <u>DISCLAIMER</u>. SOLitude is not responsible for the failure of any treatment, equipment installation, or other work that result from dam or other structural failures, severe weather and storms, flooding, or other acts of God that are outside of the control of SOLitude.

Customers understands and acknowledges that there are irrigation restrictions associated with many of the products used to treat lakes and ponds. The customer is responsible for notifying SOLitude in advance of the contract signing and the start of the contract if they utilize any of the water in their lakes or ponds for irrigation purposes. The customer accepts full responsibility for any issues that may arise from the irrigation of turf, ornamentals, trees, crops, or any other plants as a result of treated water being used by the customer for irrigation without the consent or knowledge of SOLitude.

Although there is rarely direct fish toxicity with the products used for treatment when applied at the labeled rate, or the installation and normal operation of the equipment we install, there is a risk under certain circumstances of significant dissolved oxygen drops. This risk is most severe in times of extremely hot weather and warm water temperatures, as these are the conditions during which dissolved oxygen levels are naturally at their lowest levels. Oftentimes lakes and ponds will experience natural fish kills under these conditions even if no work is performed. Every effort, to include the method and timing of application, the choice of products and equipment used, and the skill and training of the staff, is made to avoid such problems. However, the customer understands and accepts that there is always a slight risk of the occurrence of adverse conditions outside the control of SOLitude that will result in the death of some fish and other aquatic life. The customer agrees to hold SOLitude harmless for any issues with fish or

other aquatic life which occur as described above, or are otherwise outside the direct control of SOLitude, unless there is willful negligence on the part of SOLitude.

14. <u>NONPERFORMANCE</u>. In the case of any default on the part of the Company with respect to any of the terms of this Agreement, the Customer shall give written notice thereof, and if said default is not made good within (30) Thirty Days, the Customer shall notify the Company in writing that there has been a breach of the Agreement. The Company in case of such breach shall be entitled to receive payment only for work completed prior to said breach, so long as the total paid hereunder does not exceed the Contract sum.

RIVER RIDGE CDD

Resident Jack Crotty reported experiencing several "close calls" at the traffic circle 40 41 entrance on Corkscrew Road and asked the Board to take action by approving one of the 42 proposals presented at the last meeting. 43 44 THIRD ORDER OF BUSINESS Discussion: SOLitude Lake Management 45 Premium Waterbody Assessment and 46 Coring (Lake H1B) 47 Mr. Kurth and Ms. Kennedy presented the Waterbody Assessment and Coring Report for 48 49 Lake H1-B, which was requested to establish a baseline for water quality. 50 They reported that all "H" lakes were looking very good but they were unable to identify 51 the original location of the water flowing out from H1-B into H1-A. 52 Mr. Krebs stated the only thing in the area that can be contaminated was the lift station 53 at the entrance of Turnberry; he reported there may be some type of damage to the wet well 54 that would allow it to seep into the ground, from an upstream source. 55 Mr. Kurth suggested doing another test at the core site, in order to determine if this is a 56 sewage issue that is actually impacting the lake. He discussed the interconnected lakes 57 including P-96 and P98, which were displayed on the screen. 58 Mr. Krebs stated that this could be the same issue where they might need to repair the 59 pipe due to tree roots breaking into it and causing inflow from the groundwater. Mr. Krebs and 60 Mr. Kurth would inspect the area after the meeting. 61 After lengthy discussions trying to determine if the high nitrogen and ammonia levels 62 are just a trend, Mr. Kurth and Ms. Kennedy believed additional, frequent testing is needed, as 63 there is limited data available to make an informed conclusion and ongoing recommendation. 64 Mrs. Adams recalled that SOLitude has one more test to perform, as the Board 65 approved one for when the lake condition is good and another when it is not; however, Mr. Kurth recommended the less costly option of performing two quarterly nitrogen tests to 66 67 determine what is causing this issue. 68 Mr. Kurth would provide a proposal for more frequent nitrogen testing for consideration 69 at the next meeting. Mrs. Adams stated that MRI will be on site next month to conduct their 70 annual inspection of the interconnecting pipes.

105

C. Estimate #22-055 [\$6,748.70]

Mr. Krebs stated this is the worst case scenario cost to replace the flat areas of curbs holding water near Masters Circle and Gleneagles Links Drive, if the original plan to saw cut 108 them and create a trench, fails. The cost to saw cut the curbs was not included in the proposal.

109 Mr. Krebs explained the plan for the contractor to saw cut the curbs first and obtain homeowner feedback in a month and determine if the saw cuts solved the issue or if it is 110 111 necessary to proceed with replacing the curb.

112 The Board discussed the estimates and asked Mr. Krebs to negotiate mobilization fees 113 down to one, since the Board is approving all the projects to be done simultaneously. The first 114 two estimates and only if needed, Estimate #22-055.

He stated that he met with 131 Mr. Long on site and they determined something should be done to address the visibility issues.

- 132 A Board Member recalled that the vote to approve this failed at the last meeting, which
- 133 was affirmed in the prior meeting minutes.
- 134 This item would be removed from future agendas.

208 > Item 6: Frequency of sending e-blasts changed from monthly to periodically.

209 Filter 1: 209 The surveyor can be it next week.

210 > Item 10: The Work Order was submitted and waiting for SOLitude to treat the shoreline
211 at Lake H1-A.

212 > Item 15: Mr. Pires suggested he, Mr. Long along with others meet with Mr. Willem, of
 213 the Village of Estero, to discuss ownership of a portion of Corkscrew Road. Mr. Long stated he
 214 expected the road to need maintenance within the next two to three years.

Discussion ensued regarding the inability of the County or The Village to solidify which entity owns the road. There were reports of documentation that the road was transferred from the City to The Village but that a Resolution was never passed. A Board Member shared a rumor that the land on the south side would be purchased soon. It was reported and confirmed that Pelican Sound has approached the Developer to create a golf course on that property, south of Pelican Way.

221 Mr. Pires stated that he researched and concluded that Lee County owns the road. Since 222 this is still an issue, he suggested obtaining a copy of the Development Order to determine if 223 this purchase would have impacts to the road, which could then be addressed during The 224 Village's public meeting. The Board agreed to the suggestion of Mr. Krebs conducting an 225 Engineering Assessment to evaluate the visible conditions of Corkscrew Road and eventually 226 sending it to the County and The Village, as this is a public safety issue within their District.

227 > Item 16: Add "Mr. Krebs to provide an Analysis Report listing the deficiencies and
 228 required maintenance, at the next meeting." He would also take a photograph of the cracked
 229 drainage system. Mr. Pires stated the memorandum, under Agenda Item 11AII, outlines
 230 ownership of the roadway and includes backup documentation.

231 > Item 17: Mrs. Adams sent Pinehurst HOA the M.R.I. proposal to inspect the HOA pipes.

235 District Counsel: Woodward Pires & Lombardo, P.A. Α. 236 Ι. Memorandum Regarding Tow Policy 237 Mr. Pires presented the memorandum outlining the Amended Tow Policy, which included the legislative changes; the steps and recommendations to initiate it would require 238 239 adopting a Resolution. Mr. Adams explained that the Tow Policy applies to parking lots and streets. Another 240 241 reported that road patrols typically cite two to three vehicles a month, in which they give a 242 friendly reminder not to park on the street. 243 Discussion ensued regarding including language in the Resolution giving The Club 244 discretion to enforce parking issues through their covenants and deed restrictions, having "No Parking in Unauthorized Areas" signage posted at the entrance gates and engaging a towing 245 246 company. The Board agreed to proceed with a soft approach before having a vehicle towed. Mr. 247 Pires will work with Mr. Long on the proposed verbiage and Tow Agreement and send to Mr. 248 249 Adams for review and prepare the Resolution for the next meeting. 250 П. WHEREAS, Section 715.07(1)(a), F.S. defines a "Vehicle" as "any mobile item which normally uses, wheels, whether motorized or not.", thus including cars, trucks, recreational vehicles, trailers, golf carts, bicycles, or any other item on wheels; and, Section 715.07(1)(b), F.S. defines a "Vessel" as "every description of watercraft, barge, and airboat used or capable of being used as a means of transportation on water, other than a seaplane or a 'documented vessel' as defined in s. 327.02."; and,

WHEREAS, the District desires to outline the responsibilities and authority of District staff or management with respect to towing; designating the specific individuals as agents/designated representatives of the District for the towing and removal; and establish and designate initial Tow-Away Zones.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE RIVER RIDGE COMMUNITY DEVELOPMENT DISTRICT, LEE COUNTY, FLORIDA;

SECTION 1. INTRODUCTION.

The District finds that the unauthorized parking of Vehicles and Vessels (hereinafter defined) on certain of its property cause hazards and danger to the health, safety and welfare of District property, District residents and the public and this Resolution establishes the process of the District to remove such unauthorized parked Vehicles and Vessels from District designated Tow-Away Zones consistent with procedures outlined in this Resolution.

The following definitions are in addition to the definitions of "Vehicles" and "Vessels" in Sections 715.07(1)(a) and (b), Florida Statutes.
